---

Attached are materials for our stormwater meeting this Thursday, 1:00 - 3:00, in DEQ Conference Room A/B (4th floor)

We hope you have time to review these materials in advance of the meeting, but note that we're not looking for comments on them.

We are envisioning this as largely a "listening and learning" session for EPA. We want to present our overall stormwater strategy to you, provide a status report on progress, and give you a taste of some of the tangible, on-the-ground efforts being undertaken to ensure we are on the right track.

Please let me know if you have any questions. Looking forward to seeing you on Thursday!
